

MP-1B Grinder Polisher

Description:

☞ This grinder polisher is of single disc. It is suitable for pre-grinding, grinding and polishing metallographic specimens. The machine speed can be adjusted from 50 to 1000 rpm by a transducer for wider applications.

Specifications:

Model	MP-2B
Dia. of Polishing disk (mm)	Φ 200
Speed of Polishing disk (rpm)	50-1000
Dia. of grinding disk (mm)	Φ 230
Speed of grinding disk (rpm)	50-1000
Motor Power (Watt)	550 (YSS7124)
Voltage (Volt)	110/ 220 VAC
Overall Dimension (mm)	650×370×310
Weight (Kg)	30
